

①

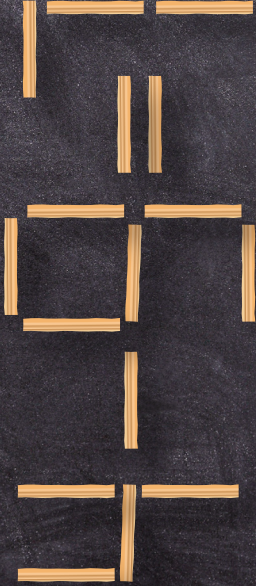

Move 1 match and solve
the equation

②

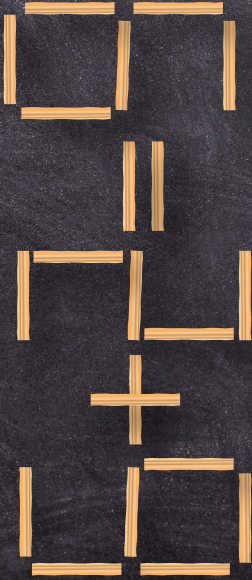

Move 1 match and solve
the equation

3

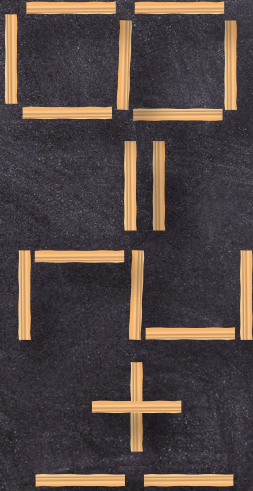

Move 1 match and solve
the equation

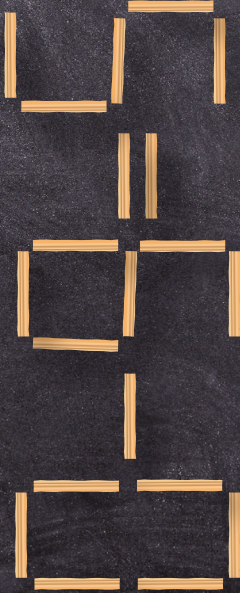

4

Move 1 match and solve
the equation

5 Move 1 match and solve
the equation

⑥

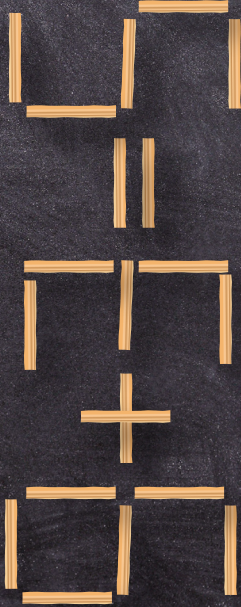

Move 1 match and solve
the equation

7

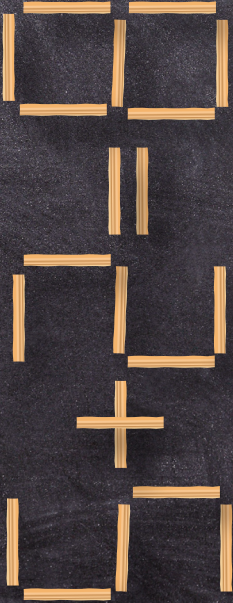

Move 1 match and solve
the equation

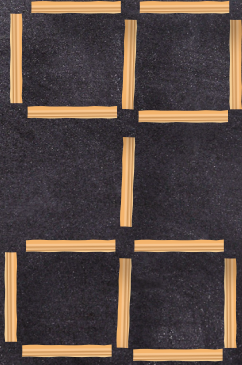

8

Move 1 match and solve
the equation

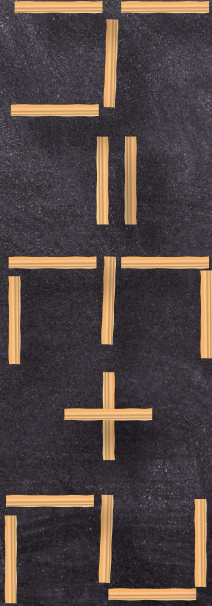

⑨ Move 2 matches so that
five equal squares are formed

10

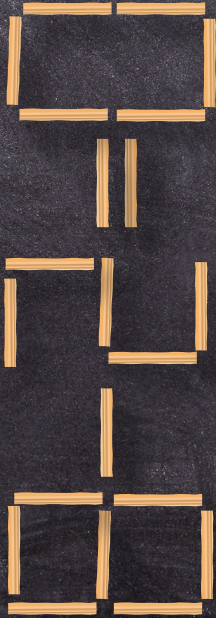

Move 1 match and solve
the equation

11

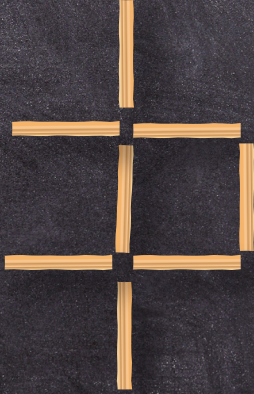

Move 1 match and solve
the equation

⑫

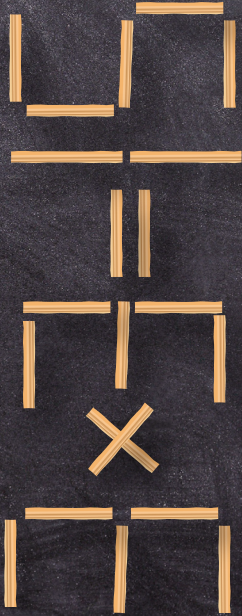

Change the position of
2 matches so that 2 squares
are formed

13

Move 1 match and solve
the equation

14

Move 1 match and solve
the equation

$$15 \times 15 = 225$$

15

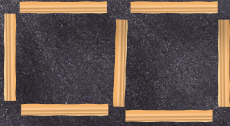

Move 1 match and solve
the equation

$$5050 = 2520$$

16

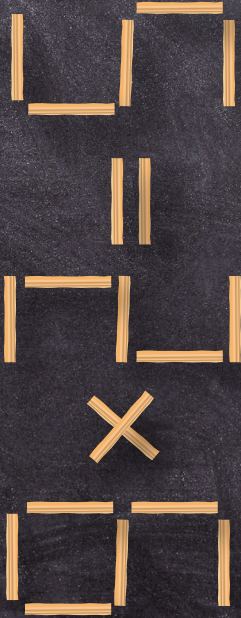

Move 1 match and solve
the equation

17

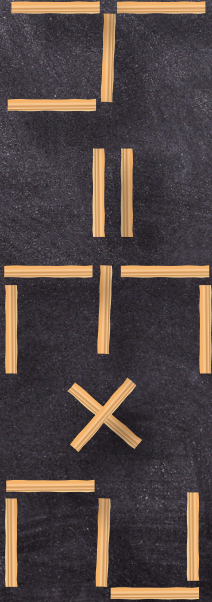

Move 1 match and solve
the equation

18

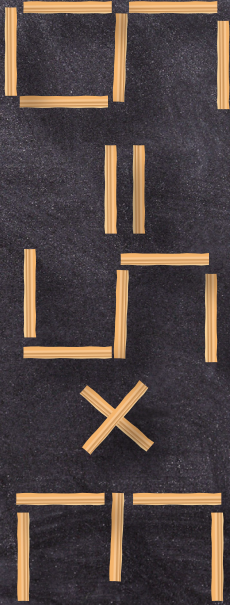

Move 1 match and solve
the equation

19

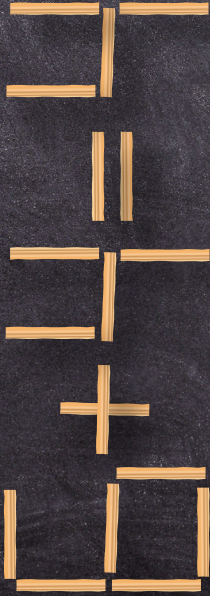

Move 1 match and solve
the equation

20

Move 1 match and solve
the equation

21

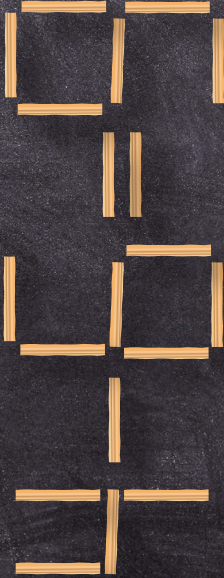

Move 1 match and solve
the equation

$$15 = 55$$

22

Move 1 match and solve
the equation

23

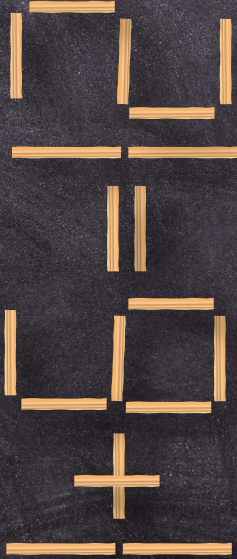

Move 1 match and solve
the equation

$$5 + 5 = 10$$

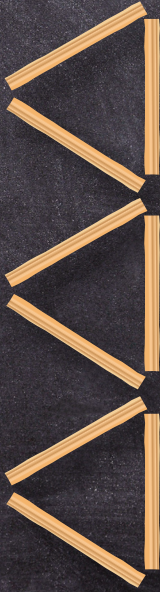

24

Move 1 match and solve
the equation

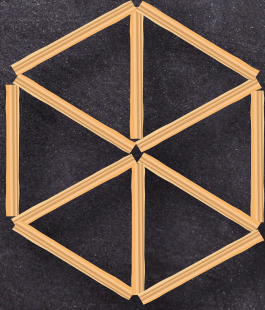

25 Can you move just two of these matchsticks to form four triangles?

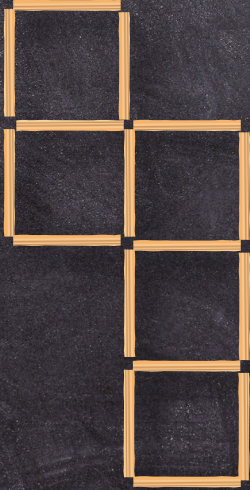

26 Move four matchsticks to
make three equilateral triangles

27

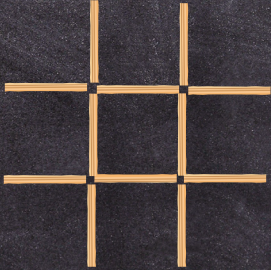

Move two matchsticks
to make four squares

28

Move three matchstick
to make three squares

**The player or group can
choose any category**

A player or group does
not have to do the
tasks. You earn two
points (2 points)

A player or group does
not have to do the
tasks. You earn two
points (2 points)

The player or group loses a point. The player or group transfers the point to the player or group to the left.

**You have an extra
minute to complete
the task**
